SILENCER FITNESS FLOOR

INNOVATIVE SOLUTION FOR YOUR
FREE WEIGHT AREA

ULTIMATE FITNESS FLOOR: EXTREMELY DURABLE AND INNOVATIVE WITH A FIRST-CLASS CUSHIONING EFFECT.

THE OPTIMAL FITNESS FLOOR FOR YOUR GYM.

Designed to withstand even the most demanding fitness routines, this flooring is distinguished by its unique hexagon construction. This innovative design of the tiles creates air chambers that provide exceptional cushioning. Moreover, this flooring is not only extremely resistant, but also effectively absorbs sound and vibrations, creating a quieter and more comfortable training environment.

Extremely resistant due to an additional protective lamination of the surface. Withstands intense workouts, heavy weights, and regular cleanings.

Excellent sound effect reduces noise and sounds during training, thus improving the relationship with neighbors.

The innovative hexagon construction of the tiles, with additional laminated cushioning layers, optimizes absorption and offers excellent cushioning effects through built-in air chambers.

THE FOUNDATION OF GOOD TRAINING IS UP TO ALL CHALLENGES.

▶ NOISE ISSUES

Fitness studios in central locations often encounter problems with neighbors who live or work in the same building. The noise created by dropping weights can lead to dissatisfaction and legal disputes.

▶ INAPPROPRIATE FLOORING

Often, the existing screed floor in the studio is not designed for dropping weights. This can lead to noise problems as well as damage to the floor.

THE ULTIMATE FLOORING SOLUTION FOR DEMANDING STUDIOS.

➔ THE DHZ NOISE-FLOOR PROTECTION SOLUTION

At DHZ, we have developed a cost-effective solution for these problems. Our sports flooring minimizes noise and protects the floor from damage, leading to an improved relationship with neighbors and a longer lifespan of the floor.
